DESCRIPTION

Maruyama's battery-operated sprayer is yet the best and most dependable commercial portable power sprayer available in the market. With over 120 years of legendary pump quality manufacturing experience Maruyama is proud to introduce its latest power tool adding to a long family of flagship commercial product.

The new battery powered sprayer is ideal for small and large farmers, pest control operators, commercial landscapers, ranchers, janitorial services and homeowners looking for a dependable, light weight yet powerful portable sprayer.

Maruyama's Lithium Ion batteries are superior to other batteries on the market and offer a quick 22-minute charge time and a longer run time compared to other lithium batteries.

Manufacturing quality sprayers since 1895.
